

Flower of Peace

The voice of Palestine

Is crying for love

Crying for justice

Crying for tolerance

Crying for peace

Hating war

Hating violence

Hating racism

Dying in need

In need of holy seed

Seed of freedom

Seed of equality

Seed of dignity

Seed of peace

I am a voice from Palestine

Planting a flowering tree

On the wings of a honeybee

For everyone to see

A yellow flower for mercy

A green flower for justice

A white flower for peace

A red flower for love

A flower for me

And a flower for you
To smile and set you free
Christian, Muslim, and Jew
Black, yellow and White
To feel love and see
And set each other free
